Introduction ECREAS

Growing need for:

- Exchange of best practices
- Identifying relevant (academic) applied research in the ageing sector
- Basis for:
 - education programmes
 - relevant innovative concepts and instruments for practice
 - support by expert consultants in implementing innovations and formulating EU grant applications

Ultimate goals ECREAS

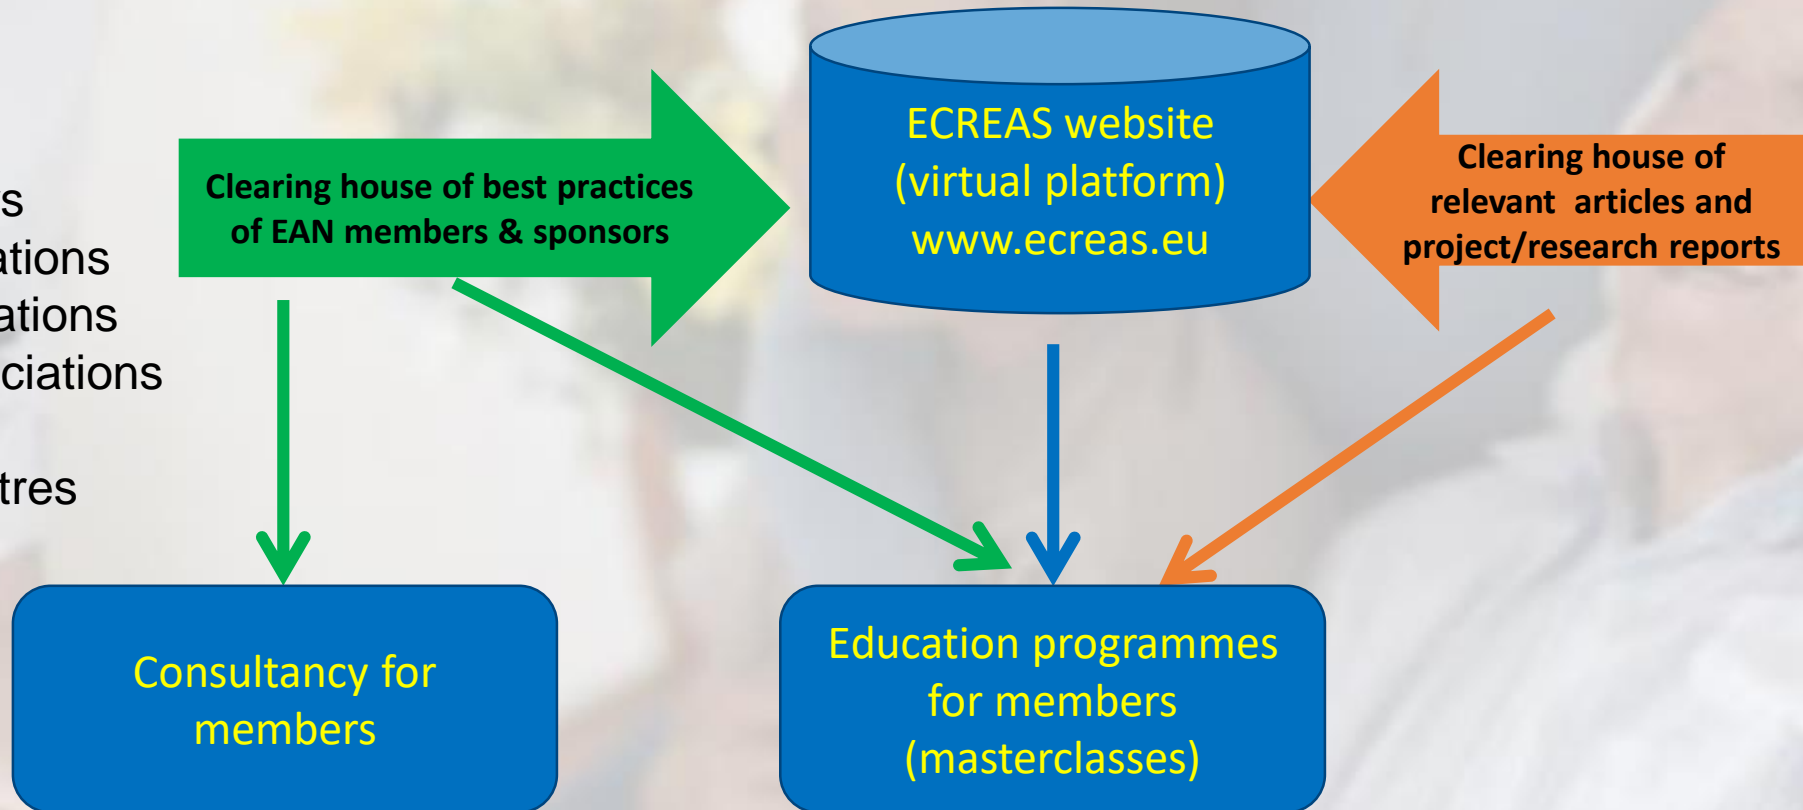

- Improving the quality of life experience of vulnerable old people
- Improving the work satisfaction of staff
- Improving the quality of care and services
- Create a learning community among EAHSA and EDE members

The concept of ECREAS

Partners:

- care providers
- client associations
- nurse associations
- medical associations
- academia
- research centres

Themes ECREAS

EAN-ECREAS Award (former EAHSA Award)

What is ECREAS?

ECREAS is a virtual platform where its members can share their experiences and where materials can be downloaded. Although we have an office in Brussels it is not a big centre that can be visited. The main activities are taking place in a virtual environment. ECREAS offers providers of elderly care the opportunity

To improve quality of life...

ECREAS - European Centre for Research and Education in Ageing Services

Welcome to the website of the European Centre for Research and Education in Ageing Services (ECREAS).

ECREAS is an initiative of the European Ageing Network (EAN) and connects 10,000 providers and directors in elderly care in 20 countries!

SHARE your experiences!

Another way to help your colleagues is to set up an education programme. Based on your experiences and materials that you have developed with the colleagues in your organisation, ECREAS can help you to formulate a education training programme so that your experiences can be shared with and used by others.
