

NL: how are nursing homes providing care for covid-clients

- Special covid-units, Some in cooperation with other organizations
- Special staff (people volunteered for this work)
- Priority PPE for these units
- Attention for family in case of last phase of life

NL: How is the state helping you

- **extra costs of isolating and caring of covid-clients are payed**
- **Extra staff is payed**
- **Costs of reserving empty beds for people coming from hospitals or from home, will be payed**
- **Later deadline for administrative procedures**
- **Extra euro's for ICT**

NL: biggest problems currently

- Triage now and when there will be shortage of IC-beds
- Keep staff healthy, also mentally and emotionally
- PPE
- ICT
- Suppliers with growing problems
- Later: staff with overflow of free-days
