

Hospitaller Order of St. John of God

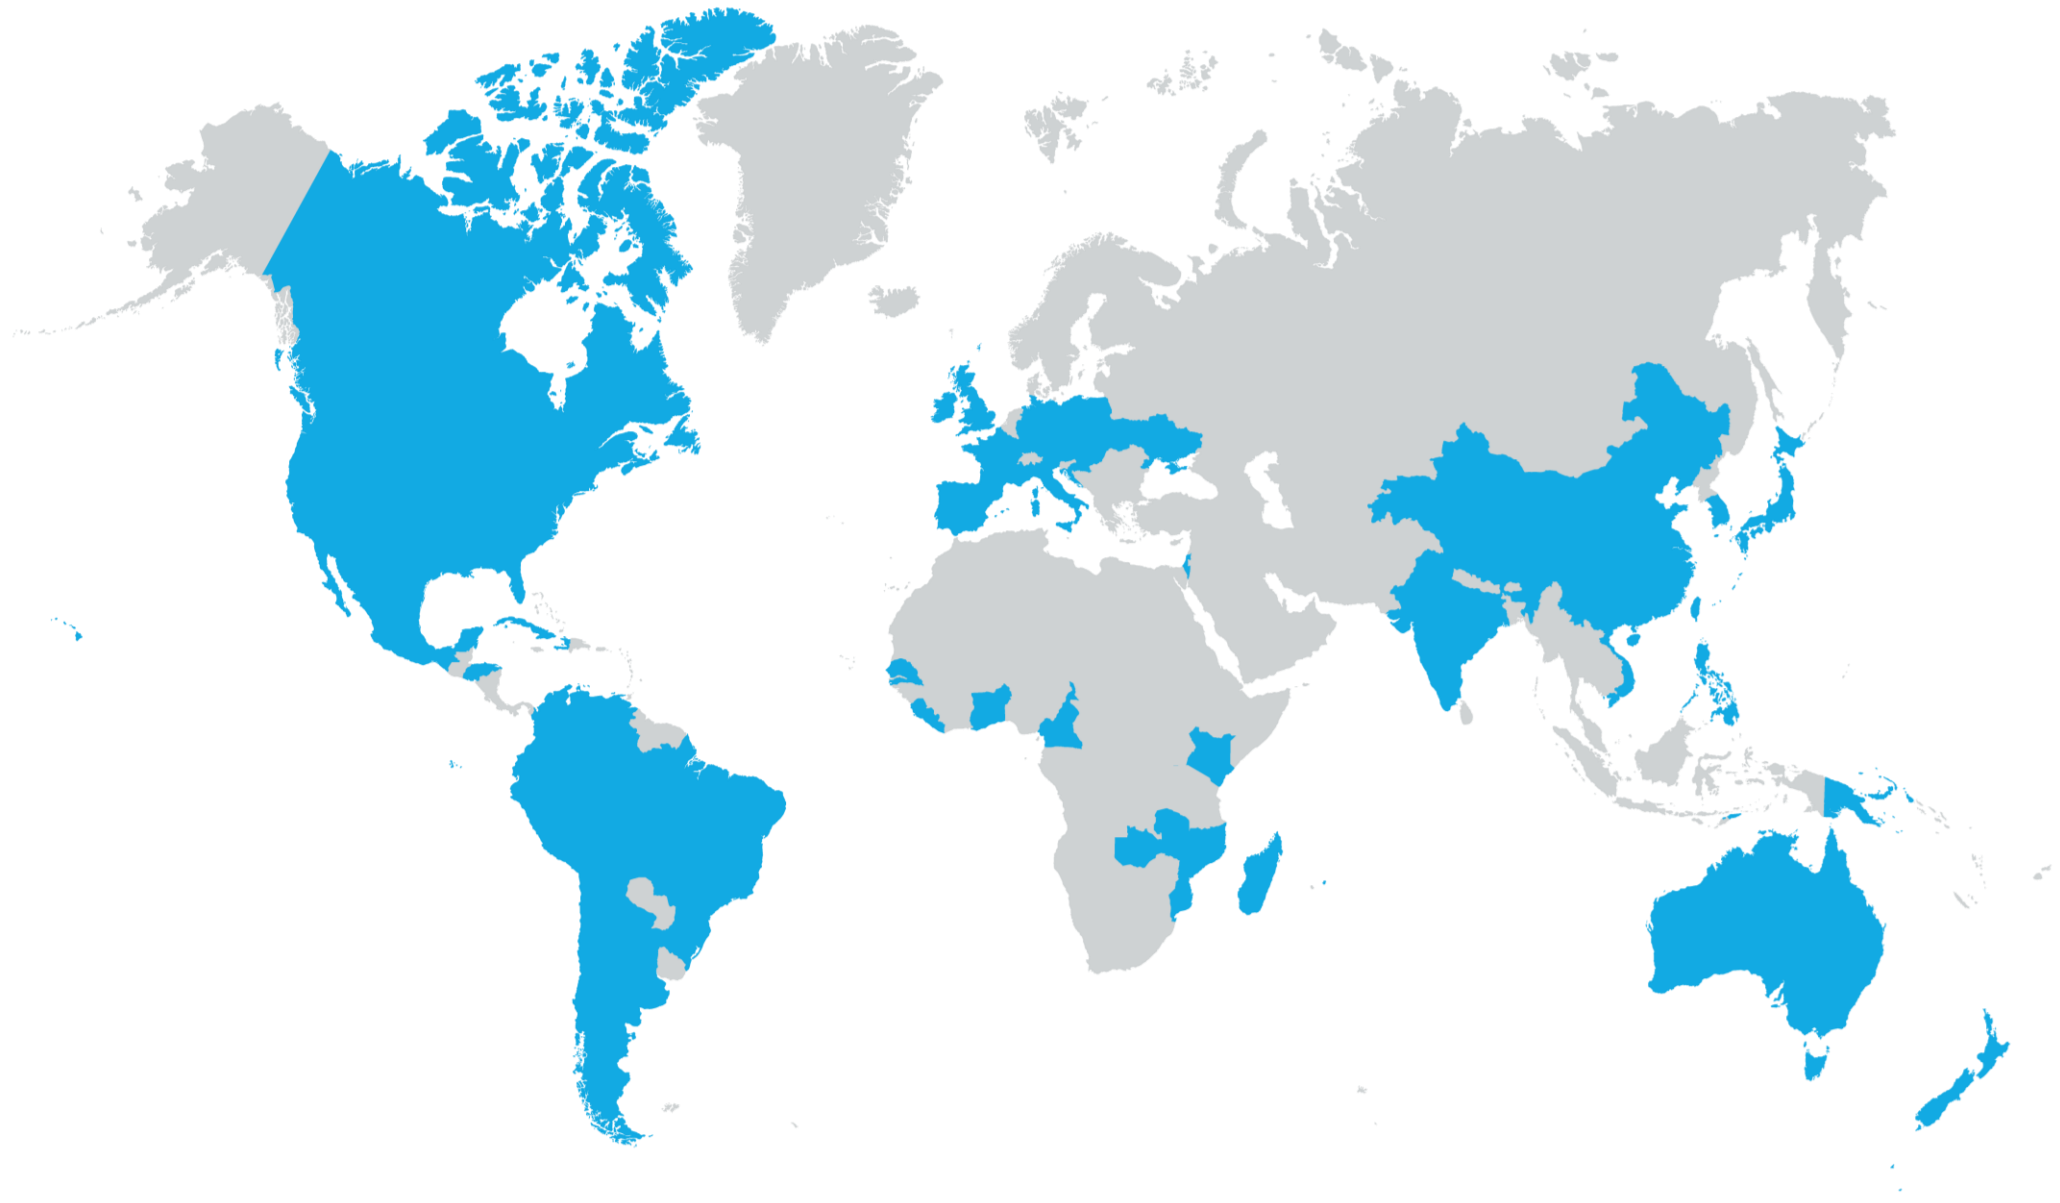

Hospitaller Order of St. John of God

We are present in 54 countries, with 410 institutions worldwide.

Inspired by the example of our Founder, who entrusted us with the Charism of Hospitality, we are committed to being where we are needed most, serving and supporting those in greatest need.
This is our mission.

Services for Elderly In Portugal

Services for Elderly in Portugal

Foster families
for Elderly People

Social center

Day Centers

Night Centers

Nursing Homes

Home Care
Services

Day Centers

- meals;
- socialising/occupational activities;
- hygiene care;
- laundry;
- organised holidays

In addition to the services referred to in the previous paragraph, the Day Centre may promote the development of home meal delivery services, home care services and temporary accommodation.

Nursing Homes

- Food appropriate to residents' needs, in accordance with medical prescriptions;
- Personal hygiene care;
- Laundry;
- Hygiene of spaces;
- Socio-cultural, recreational and occupational activities aimed at contributing to a healthy relationship between residents and stimulating and maintaining their physical and mental abilities;
- Support in performing daily activities;
- Nursing care, as well as access to healthcare;
- Administration of medication, when prescribed.

Home Care Services

- Personal hygiene and comfort care;
- Home hygiene, strictly necessary for the nature of the care provided;
- Provision and support with meals, respecting medically prescribed diets;
- Laundry of the user's personal clothing;
- Entertainment and socialisation activities, namely entertainment, leisure, culture, purchase of goods and foodstuffs, payment of services, travel to community entities;
- Teleassistance

Services for Elderly In Portugal

Some numbers

Nursing Homes

Number of Entities	
2622	
Profit	Non-profit
798	1824

Number of Vacancies	
105 638	
Profit	Non-profit
25 865	79 773

Day Centers

Number of Entities	
2025	
Profit	Non-profit
67	1958

Number of Vacancies	
62 315	
Profit	Non-profit
8016	61 514

Some Conclusions ...

- The number of vacancies on Elderly Services only cover about 11,6% of the population over 65 years old;
- Home Care is the service with higher coverage, around 4,4%, following the Nursing Homes, about 4% and Day Centers with 2,4% of covering;
- Non-profit entities are the largest providers of services for the elderly in Portugal.

Thank you
